KILLED BY SHELL FIRE.

BRITISH GUNS KILL MANY BOERS IN THEIR TRENCHES.

Boer's Prisoners Arrive at Durban—Boers Have Exhausted Their Stock of Good Manner Cartridges.

London, Jan. 27.—The Morning Post in a special edition, today, prints a dispatch from the correspondent at Spitzkoppe, dated Tuesday, Jan. 23, which says: "There was heavy firing at Ladysmith yesterday. Gen. Buller is attacking and making a diversion. After the Boer assault Gen. Buller sent the Commandant General Joubert for the internment of dead Boers, killed in the British trenches.

The correspondent describes the operations from Jan. 17 to Jan. 23, and greatly praises the pluck, devotion and cheerfulness of the soldiers. He says that Gen. Warren's guns fired 3,000 shells on Jan. 20. His left on Jan. 21 moved up East on Hill, which opens a cleft in the enemy's lines. The object is no longer to turn the Boer right, but by introducing a wedge of infantry into the cleft to split the right from the center.

The gap was widened during the day and Gen. Warren's right completed the capture of the whole edge of the plateau and now the first line of Boer trenches, where he found about 300 had been killed by the shell fire. The correspondent forebodes Tuesday's attack on Spion Kop, and declares that there is absolute confidence and determination throughout the army. No anxiety, he says, is felt concerning the result.

Durban, Jan. 26.—One hundred and sixty Boers, captured during Gen. Buller's recent operations, have arrived here. A Free State, who is among the recent arrivals, says that President Steyn has been removing his furniture to Pretoria, where several of his officials are taken home. It is reported that no big guns are now left in the Pretoria forts and that the Boers have exhausted their store of good Mauser cartridges formerly condemned by Gen. Joubert. They are said to be manufacturing 12,000 cartridges and 200 shells at the dynamite factory.

London, Jan. 27.—The position of the British army in Cape Colony is now finally unchanged. Lord Methuen forwards by mail the first official recognition of Boer valor and military art. He calls their tactics and courage "indisputable." In defending frontal attacks, Lord Methuen says: "The mobility of the Boers is such that they can change from 15 minutes to that a flanking operation, when, taking home, simply move a new front." The Daily Mail referring to Boer resistance and what may be necessary to overcome it alludes to a saying of Napoleon that no position could resist 300,000 men.

London, Jan. 27.—The war office announces that there will be no further news from the scene of hostilities tonight.

London, Jan. 27.—The Times publishes this morning the following dispatch from Free Camp, dated Wednesday morning, and evidently written before the capture of Spion Kop was known. After describing the position of the Boer, the writer, who is the correspondent says: "Their front extends 10 miles and we will have to try to break it in the middle. Every prisoner says the Boers will never let us reach Ladysmith. This is their last chance of preventing us, for behind this hill lies open country, with out a single fortified position. Therefore, they will strain every nerve to throw us back."

London, Jan. 27.—Seven days of fighting have left the main Boer positions intact, and Gen. Buller's army 100 men weaker, according to the official casualty list, which seemingly does not include the Spion Kop losses as those lost forward do not include Gen. Woodgate among the wounded. England is pained by a depressing sense of failure, although not a word of criticism of her generals and soldiers is uttered. Not much effort is made to place a happy construction upon Gen. Buller's bare 18 wounds, telling of the retirement from Spion Kop, and there is an anxious impression abroad regarding the news yet to come.

War in the Philippines is Over.

New York, Jan. 27.—A Manila cable to the Herald says: "The war in the Philippines is over. No further surrender can be expected. The danger in the present situation is that a dangerous feud may arise between the American army and the Philippines. This danger can be greatly lessened by action by congress, which is now imperative, outlining the policy of the government in the Philippines. It is likely that many thousands are still looking out for the very thing which he ought to be willing to give."

The time is ripe for a conciliatory policy, allowing the Philippines to have as much say as to the future of the government under which they will be obliged to live."

The grain commission in Winnipeg were occupied principally with covering S. L. Henderson's statement yesterday.

LIEUT. OSBORNE DEAD.

Was killed in the action in the Tugela District January 4.

Toronto, Jan. 27.—J. K. Osborne, of the Macfarlane Co., received today a cable from the war office stating that his son, Lieut. J. W. Osborne, of the Scottish Rifles, (Germans), had been killed in the action in the Tugela district, Jan. 24. Lieut. John Woodburn Osborne was the eldest son of Mr. J. K. Osborne, and was born in Bradford, Jan. 28, 1872, and was educated at the Bradford Collegiate Institute and Trinity College School, Port Hope. In 1891 he entered the Royal Military College graduating in 1895. The same year he received a commission in the 90th Scottish Rifles, and since had been stationed with his regiment at Parkhurst, Isle of Wight, Aldershot and Glasgow. He was assistant adjutant of his regiment.

Last fall he was appointed A. D. C. to Sir John Woodburn, lieutenant-governor of Bengal. He came to Toronto and spent a few weeks with his parents. While here he learned that his regiment had been ordered to South Africa. Immediately he resigned his appointment and crossed the Atlantic to England, joined the regiment, and proceeded to South Africa, reaching Cape Town in November. Since that time he had been with Gen. Buller's command. Only today, Mr. Osborne received two letters from his son, written before the battle at Colenso. Keen sympathy is felt with the parents.

The Yeomanry Reviewed.

London, Jan. 27.—At the Life Guards' Barracks, Regent Park, this morning, the Prince of Wales inspected the first lot of Yeomanry, who start for South Africa tomorrow. A number of well known people were present, including Lady Essex, Lord Rothschild, Lord and Lady Londonderry. The Prince of Wales, who wore the dress uniform of a staff general, walked along the entire line with Lord Chesham, making the most minute inspection of every man, often taking a rifle in his hands and examining all parts of the equipment. The men looked very businesslike in khaki and puttees, with cowboy hats turned up at the side, on which was a little bronze emblem representing the Prince of Wales feathers. At the conclusion of the inspection the Prince of Wales made a speech, in which he said:

"I am proud of the privilege of inspecting you here to day, before you start on your service. I am glad that it is a very high compliment that I have been asked to be your honours colonel. You may be sure I shall take the deepest interest in your welfare, and watch all your proceedings. Throughout you will like all the men who have volunteered for active service, do your duty to your sovereign and your country."

A Girl of 15 Elopes.

Winning, Jan. 27.—According to a railway man whose veracity and probity is beyond question, a distracted parent arrived in the city from near Brandon on Thursday in search of his daughter who eloped recently. The young lady in question, is only fifteen years old, and being anxious to marry the man of her choice in lieu of parental consent, stole one of the parental steeds and made her way on horseback to Bathgate, N. D., a distance of nearly 150 miles, where she met her swain and the two were forthwith married. As customs duty has not been paid on the hog it was seized by the United States officers, and the couple made their way back by train to Somerset. When they reached that place the bridegroom, who is from Gladstone, was notified that his sister was seriously ill with diphtheria. Leaving his wife he hastened to the side of his sister, and was promptly quarantined by the town authorities, so that he was unable to rejoin the bride.

China's Ex-Emperor.

London, Jan. 27.—A special dispatch from Shanghai says: "The father of the new emperor is the head of the great secret societies known as 'The Great Society' and 'The Bayers,' extending over the province of Chi Li, Shan Tung and He N. N., which were responsible for the murder of Mr. Brookes, the missionary."

"Various edicts have been issued with a view of assuaging public opinion and the ominous rumors spreading widely. It is alleged that his dis-thronement was decided upon at a council convened by the Empress Dowager on Tuesday."

The Manchou king favors the change, but the Chinese proper oppose it and predict a tremendous upheaval."

Burned Expedition Successful.

London, Jan. 27.—The British expedition against these ferocious Tagas, under Maj. Sallie, in British North Borneo, has been entirely successful. Capt. Hamilton with 100 Sikhs, after two days fighting, Jan. 8 and 9, against a thousand rebels captured two forts, a two-story, a blow up the rebels' magazine and killed or wounded 60 Tagas. The British had four men injured. The remaining villages of the disturbed district submitted.

A Branden girl of 15 years left this city Sunday for North Dakota, where she was married.

SPION KOP CAPTURED.

GEN. WARREN DRIVES THE BOERS FROM A STRONG POSITION.

British Loss is Considerable—General Woodgate Dies From Wounds—Gen. Macdonald at Modder.

London, Jan. 25.—The war office has issued the following dispatch from Spitzkoppe, dated Jan. 8, 12 10 morning:

"Gen. Warren's troops last night occupied Spion Kop, surprising the small garrison, who fled. It has been held by us all day, though we were heavily attacked, especially by a very annoying shell fire."

I fear our casualties are considerable, and I have to inform you with regret that Gen. Woodgate was dangerously wounded."

"Gen. Warren is of the opinion that he has rendered the enemy's position untenable. The men are splendid. Advice received later from Spitzkoppe stated that General Woodgate had succumbed to the wounds he received in the attack upon Spion Kop."

London, Jan. 26.—At midnight the war office announced that nothing further had been received from the front by publication.

Modder River, Jan. 25.—Gen. Hector Archibald Macdonald has arrived

Gen. Hector A. Macdonald.

and assumed command of the Highlanders.

London, Jan. 26.—Gen. Buller's phrase "the men are splendid" thrills Britain with pride and confidence. His taking and holding Spion Kop is considered a permanent advance. Sir Chas. Warren's opinion is that the capture of the adjacent Boer trenches are untenable is accepted by most expert observers as obviously true because of the height of the position, although some point out that it may lack adequate gun platform to resist artillery fire from the two extended sides.

It is not likely that General Warren will let go anything he holds and news of further success is calmly awaited. The military authorities recognize, of course, that in the 12 or 15 miles between Spion Kop and Ladysmith there are continuous defensive positions and rugged hills and ravines, which are far out range Spion Kop, but they are sure that the troops who have turned the Boers out of difficult places can do it again.

The military expert of the Times says: "It is exceedingly difficult to arrive at any exact estimate of the advantage gained. A definite tactical object has been attained and definite steps have been taken in the fulfillment of the strategic plan. It is necessary to await fuller information before attaching undue importance to the successes thus far attained. At least there has been steady progress."

The Kidman Castle reached Durban yesterday (Thursday) with 2,000 additional troops for Gen. Buller, and three troop ships have arrived from India, bringing, among others, a regiment of Londoners. Beyond these, it is not publicly known how heavily Gen. Buller has been reinforced, but those having certain connections with the war office are satisfied that Gen. Buller will have as many more men as he may need to make his work easier.

The situation in the neighborhood of the other army is unchanged, but a forward movement by General French is slowly expected. A dispatch to the Standard from Rouen describes General French's disposition of his forces as now forming a great semicircle around the Boer's positions. The correspondence says he could take Oshington two miles away, at any time.

A letter to a prominent citizen of the town of a complaint which President Kruger made to President Steyn regarding the want of co-operation on the part of the Free State's Modder river and also President Steyn's address to the Free State. Mr. Kruger said he learned with regret that only 1,000 men of the Free State fought in the battle, so that many others remained in their camps while their brethren related and even decimated the enemy. These statements appear to give a partial confirmation to the reports of disagreements between the allies.

Chicago, Jan. 28.—Charlie McCall, a soldier of fortune, was seen at the first train to leave a station yesterday, dressed in a suit and

ACCUSED OF MANSLAUGHTER.

Dr. Sheppard and Peter Byers Arrested for Killing the Son of David Grant.

Toronto, Jan. 26.—David Grant died on January 18th from inflammation of the lungs. His remains were interred, but later, when it was ascertained that the medical treatment which he had received was not the best, his body was exhumed and as the result of an examination by physicians Dr. Arthur J. A. Johnson began an inquiry into the cause of his death at police headquarters last night. Although the enquiry was not concluded after midnight the evidence taken had led the crown officers in attendance to order the arrest on charge of manslaughter of Dr. Herbert E. Sheppard and Peter Byers, late of Markham, but now of Toronto. This action was taken solely on the admissions made by the two men who are now prisoners.

Both Dr. Sheppard and Mr. Byers gave evidence, their stories did not differ materially but were to the effect they had formed a partnership on December 1st of last year under the name of the Toronto Sanitarium. Byers had won considerable reputation in the country about Markham because of the efficacy of a certain cancer cure formula of which had long been a secret in his family and which he had received from a uncle some days before the partnership was entered into.

Dr. Sheppard was called in to attend the case of David Grant, who was suffering from a malignant tumor. When Byers began his evidence Sheppard took him to see Grant, and after a consultation a plaster was applied to the tumor on Grant's body. Sheppard stated in court that he had a formula for cancer or a tumor plaster, which was different from that used by Byers but each had agreed not to reveal to the other the secret of his preparation. Ten or twelve plasters were applied to Grant's body and each was a little further than the last into the cancerous growth and flesh on the left side of the body. The last application was made two weeks before the death of Grant and Dr. Sheppard said he then found the patient was suffering from lung trouble and Dr. Hay was called in.

Emperor Kwang Su Abdicates.

Shanghai, Jan. 26.—The North China Daily News publishes an edict signed last night by Emperor Kwang Su, appointing as emperor in his place Pung Sing, the nine-year old son of Prince Canuo. The new emperor will ascend the throne on January 31st.

London, Jan. 26.—The Chinese minister here was evidently expecting news of some important events at Peking, for when the story of the emperor's abdication was communicated to him by a representative of the Associated Press, he said: "I have no official news on the subject. I know something was going on in Peking, but nothing has yet been officially communicated to me. I am greatly obliged for your information."

The Plague at Honolulu.

Victoria, Jan. 26.—The steamer Minerva has arrived from Australia but did not receive passengers or papers at Honolulu. The captain reports 46 plague cases there and the seriousness of the situation has greatly increased. There were 38 deaths from the plague, including one white woman of good class. The city is now stricken. An armed mob prevented the landings from inter-island steamers at Hilo. Thirty-four hundred Japs are in quarantine.

Vancouver, Jan. 26.—Fraser river cannery men in the board of trade rooms this morning to discuss the outlook for the coming season and agreed to an arrangement combining the 45 canneries on the Fraser river.

British Force Attacked by Natives.

Lagos, Colony of Lagos, British West Africa, Jan. 26.—Advices have just been received here from Jobba that Capt. Carrol of the Norfolk regiment and 150 men of the West African frontier forces while escorting the telegraph construction staff were attacked on Jan. 9 by 2,000 Nitchi and Hausa tribesmen. Capt. Eaton of the East Kent regiment and twelve others were wounded and one member of the escort was killed. The tribesmen let 80 dead. Jobba is probably a stronghold of the Nitchi, in which vicinity apparently the attack was made.

Dynamite Cars Wrecked.

Wilkes-Barre, Pa., Jan. 26.—A freight train on the Central railway of New Jersey, coming down the Wilkes-Barre mountain this evening, ran away. At the foot of the mountain the cars left the track and were piled high in a big wreck. There was dynamite in one of the cars and it exploded with great force. The shock was felt for a distance of 20 miles. The windows in nearly every house in the town of Ashley were broken. It is reported that several men are buried in the wreck.

Ship Ashore in St. George Bay.

St. John's, Nfld., Jan. 26.—News has just been received that a large unknown vessel went ashore on Fox Tail Point in St. George's Bay on Wednesday, Jan. 27. Her cargo were all gone and a lot of wreckage was lying about. She showed no sign of men or boats. More news to come.

WHERE SHE FALLS DOWN.

She's a leader in society, a beauty and a wit. She can talk about anatomy and law. In equine quadrants and the higher mathematics.

She's the cutest girl mortals ever saw. With Kipling, Shakespeare, Conan Doyle, they intimate and fear. And show the world right in the making, long strife. But with all her wealth of glory, from then on she never darned a stocking in her life.

She can play all scales chromatic, plain and simple, idiomatic. A piano just a vibrating poor thing when she trembles on its main spring.

And she hugs its arching frame with loving clutch. And the neighbors they are praying, and to each other they are saying: "These are never heard as maiden or as wife. But over all their praying, praise voices they are saying: 'She never darned a stocking in her life.'"

Virgil, Homer, Horace, Caesar, not one of them can trace her. In thought he gave the world some time ago, Latin, Yiddish, Greek and Russian, French and Spanish, Dutch and Prussian.

All come tripping from her lips in accents new. Rules of order and disorder, wealth of puns. Points of privilege in couples rushing down. As she sits a queenly chambermaid, you know, a very fair one. Though she never darned a stocking in her life.

Oh, she's strong on all reforms, politics and social struts. And on all city ownership she's great—water, telephones and light, electric cars that run by night.

And improvements in the borough and the state. Wonder how she knows it all, on this gay terrestrial ball. And is now the brightest star in all club life. When with such a simple thing as a brooch, with a string. She can't learn to darn one stocking in her life.

—S. J. Donahay in Denver Republic.

The Frenchman Smiled.

"Pardon me, but why do you wear a piece of meat around your eye?" inquired the French scholar of the governor.

The latter had just been illustrating his views on strenuous life by receiving a damaging blow from his boxing master's fist.

"Because of the blow," replied the governor.

The Frenchman looked puzzled.

Then he smiled.

"Ah, I see!" he cried. "Eat a bit of steak!"

And he gravely set it down in his notebook.

Frequently Done.

Stout—Do you believe it possible to come by electricity?

Keldson—After a fashion. I offered a public man in Washington the other day, and he sent me the worst roast by telegraph I ever had.—Chicago Tribune.

ROSCOE E. LAW,
EDITOR AND MANAGER.

THURSDAY, FEBRUARY 1, 1900.

"Let us have faith that right makes might; and in that faith let us dare to do our duty as we understand it."

EDUCATION AND SALARIES.

The Weekly Sun of late date contains an article on teachers' salaries in Ontario. It notes a number of advertisements for teachers, among them being one for a female teacher, who in addition to her labors in education, will be required to light fires and sweep the school, all for the munificent salary of \$216 per year. Another position is offered in a rural school at \$20 per year. The highest salary in the list is \$300 to a University graduate for high school work.

In the west we take pride in saying that such cut rates do not exist; that the teachers are paid good salaries, but when we consider the high rate of living it is hard to see where the advantage comes in. Even in the territories the majority of teachers do not get more than the wages of a skilled mechanic and many get considerably less.

If a man wants a house well built he is willing to pay good wages to a good carpenter, but in teaching the main object seems to be to cut down the pay to the lowest possible figure.

We cannot do better than quote a portion of The Sun's article:

"Most ambitious persons, doubtless, make haste to find more profitable callings; and the teaching profession is an excellent progression of the raw boys and girls still in their teens, with the girls in the majority. Of scholarship there is perhaps enough. Their parental examinations are supposed to guarantee that. But what is there of character? What will be the character of a people trained in a school by teachers with no higher qualification than a knowledge of spelling and grammatical analysis? We doubt very much the wisdom of fitting the schools with women teachers. At all events, there are few who can teach well until their characters have formed in the crucible of experience and reflection. Nor can any community overestimate the usefulness of an inexperienced teacher who is in the language of advertising trustees a 'mole.' He becomes a centre of social activity, organizes meetings, settles disputes, and takes up stragglers with more or less success, the only way of activity he is allowed for the day. In any community only the defects and respect of their own defects. It is said that the President of the school has provided that all teachers shall receive no less than \$300 a year and a house. In the settled parts of Ontario it is not uncommon to

see a community not larger than a school section supporting three or four clergymen. If the people can do this they can hardly plead inability to raise the wages of the school master, who, if his functions are not as exalted as those of the clergy, deserves, at least, generous treatment."

A WARLIKE INVENTION.

There is no dearth of inventions for carrying on war in this nineteenth century, but it remains with a number of eastern inventors to eclipse all records in the machine they are producing. It consists of guns mounted on a species of traction engine, capable of travelling eighteen to twenty miles per hour, and carrying the men to work the guns and shields therefor.

The guns will first discharge explosive lights which will burn from one to five minutes. These will be followed by showers of dynamite and nitroglycerine. These explosives will not be discharged in shells, which have proved unsatisfactory, but in showers, and each machine has a capacity of 150 pounds of explosive per minute.

The lights will serve to unmask the batteries and reveal the camps, and the showers may then do their work, the guns being able to throw them one thousand yards or more.

Mr. A. McDonald, of Toronto, is one of the company owning this unique death-dealing apparatus.

NOTE.

Has all the patriotism of Qu'Appelle evaporated? If not why is there not some movement to raise a patriotic fund in this community?

It was reported last week that no recruiting would be done east of Regina for Strathcona's Own, but fortunately that statement is contradicted. Recruits will be received in Manitoba and westward to British Columbia. There are several in Qu'Appelle who are anxious to join the ranks and it would be nonsense to bar them if acceptable in height, chest measurements and other requirements.

Rum will soon cease to be a curse. Two Paris physicians, Dr. Sappelier and Dr. Thebaud, have informed the Academie de Medicine that they have discovered an anti-alcohol serum, which produces invincible liquor, not only for spirituous liquors, but for wine and other substances containing alcohol. They ask for a committee to investigate their discovery. Their experiments have been chiefly on horses.—Events.

Darvin Items.

The wife of Mr. Robert Eliott, sr., died of old age on Tuesday morning. She had been in this country a good many years, Mr. Eliott being among the first to settle in the Territory. The funeral took place this morning at 10 o'clock.

Territorial Tips.

Two gentlemen arrived in Indian Head yesterday morning from England. One of them, the Rev. H. I. Stedley, goes to Oxbow, Assa., to take charge of the English church there. The other, Mr. J. E. Jones, after being ordained by his friendship, the Bishop, at St. John's on Thursday morning at 10.30, goes to assume charge of the Mission at Buffalo Lake, Assa. Both of these gentlemen are from St. Augustine's College, Canterbury, England.—Vulgate.

A meeting of the Executive Committee of the Synod of the Diocese of Qu'Appelle was held at Bishop's on Thursday evening. The stipends for the year beginning Easter 1900 were discussed and other matters of importance discussed. The financial condition of the diocese they found to be very favorable. The outlook is a great pleasure to the many vacancies in the past year.

The Bishop announced that these vacancies were being filled as quickly as possible and that men were now en route to fill two more. The income from the Clergy Sustentation fund has largely increased during the past year and is now being used to supplement the income in four of the oldest parishes in the diocese. The committee have appointed the last Sabbath in January in each year as a day on which an appeal should be made for money in support of their most excellent and necessary fund. The members present at the executive were: The Bishop of the Diocese, Ven. Archdeacon Sargent, Rev'd G. Nelson Dodge, F. Wells Johnston, J. S. Chivers, C. Williams, Messrs. Marsh, Smith, and Page.—Vulgate.

Premier Hamilton and Mr. J. H. Ross leave this week for Ottawa.

Commissioner McCreary, of the Immigration Department at Winnipeg, gives the following particulars as to where the new settlers in Manitoba and the North-west during 1898, and who registered at Winnipeg, came from: Canadian, 11,591; English and Welsh, 2,833; Scotch, 613; American, 2,233; Scandinavian, 769; German, 1,425; Galician, 6,915; Dutch, 7,427; French and Belgian, 273; Russians, 288; Icelanders, 364; Austrians, 86; other countries, 1,108. Total, 36,175; consisting of 21,498 males and 14,679 females. It will be seen that nearly half are of British descent and more than half have been accustomed to civic responsibility.—Leader.

John Simpson, of Regina, was arrested on Thursday, the 18th, charged by Mr. G. H. Goodenham, Indian Farm Instructor of Muskegpetung, with having sold liquor to an Indian named Bigsky. Mr. Mitchell, acting in his capacity of Magistrate for Indian affairs, and Mr. H. LeBlanc, J. P., Regina, sat upon the case on Saturday and Simpson was found guilty. He was sentenced to six months imprisonment with a fine of \$200 and in default of payment an additional three months. He will also be required to find sureties for his good behavior. As this was his second offence, he was given the full penalty of the law.—Leader.

Macdonnell, chief engineer of the Manitoba public works department has been dismissed by Hugh John Macdonnell.

Harris of Calgary was tried before a jury on the charge of beating Geo. Goun, in whose room he had discovered his wife, and found "not guilty." It is stated that a reconciliation has been effected between Mr. and Mrs. Harris.—Leader.

The Free Press says: Joseph Selinger of Balgonie, N. W. T., died on Jan. 19th at the general hospital of pulmonary tuberculosis, after an illness of several weeks. The remains were removed to Clark Bros. & Hughes, awaiting instructions from relatives at Balgonie.—Leader.

A sensational matrimonial incident is reported from St. Joseph's Colony. On the 15th inst. a double wedding was celebrated there, Mr. Joseph Younker being wedded to Miss Maggie Gird, and Mr. Max Younker to Miss Maggie Leibel. The nuptial festivities and dance were kept up for two days. On the following Friday Joseph's bride disappeared, and it transpired that she had eloped with Phillip Mott, a farmer of the Colony. Mott sold his stock and implements, leased his land, and borrowed \$50 from a friend. It is thought that the elopers have gone to the States. The hotel proprietor went to Balgonie and spent \$7 in telegrams trying to intercept them without success. It is stated that the girl married Younker under pressure and that she had long preferred Mott.

West, Regina—Mr. Heyworth of Indian Head, is in town at present for the purpose of joining in the first available opportunity to be Strathcona's contingent. He has spent some time in South

Africa and knows some of the leading men of Johannesburg and other Transvaal towns. The manner in which he first arrived on the "Dark Continent" was, to say the least, exciting. He was shipwrecked off the coast and with the aid of a life belt managed to reach the shore safely, although a number of his shipmates were drowned. He was very anxious to go with Col. Herchmer's contingent but was a little late in making application, and is at present staying in town determined to be on the spot when recruiting starts for Lord Strathcona's mounted rifles.

As a little afterglow to the performance of the "Pirates of Penzance" the members of the managing committee have been served with wine in action for obtaining the copyright of the opera at the instance of the D'Oyly Carte company. It appears that this company has the copyright outside of London, England, and intend suing for damages for its performance here without the payment of the requisite license. It appears that shortly before the performance came off an appeal was made to the judge for an injunction restraining the affair from proceeding without the payment of the license, but it was not granted, as the judge did not consider the evidence of copyright sufficient.—Regina.

Mr. J. F. Fisher, of Yellow Grass, is in town to-day. Mr. Fisher has abandoned his old business of hotel-keeping for ranching, of which, with his well known energy and business enterprise, he is sure to make a success.—West, Regina.

Qu'Appelle Station. — A 222.

SALE OF SCHOOL LANDS.

NOTICE is hereby given that certain SCHOOL LANDS in the District of Assiniboia will be offered for sale by PUBLIC AUCTION

at the following places on the undermentioned dates, to-wit:

INDIAN HEAD, 23rd March, 1900, at 11 a.m.

SINCLAIR, 23rd March 1900, at 11 a.m.

QU'APPELLE STATION, 27th March, 1900, at 11 a.m.

These lands will be offered in quarter sections, subject to the usual price stated in the sales list, and will be sold without regard to persons who may be in illegal occupation. In the same lot with the same, if any, will be shown a period of thirty days after the sale within which to vacate the land, fences and other property.

The Department reserves the right to withdraw any of these lands before the sale.

TERMS OF PAYMENT.—One fourth in cash and the balance in three equal annual instalments with interest at the rate of 6 per cent. per annum on the balance of the principal remaining unpaid from time to time.

NOTE.—Scrip or warrants cannot be accepted in payment.

Plans of the land to be sold can be obtained on application to the Secretary, Department of the Interior, Ottawa, or to the Agent of Dominion Lands, Regina.

P. G. KEVES, Secretary.

Department of the Interior

Ottawa, January, 17th, 1900.

WAGGON'S GUNGE ON TRACKS

LOCAL NEWS

Mrs. Chas. Carga visited friends at Indian Head on Monday and returned in the evening.

A. E. Iredale went to Fife Hills and Horse Lake on Monday and returned on Friday. The cattle in the districts visited are doing well and there will be a large quantity of hay to be carried over to next season.

Our old friend, T. W. Brindley, Beaver Hills, spent a few days in town last week.

R. Williams has resigned his position as organist of St. John's church, which he has held for the past four years, and Miss Hall, who is staying at the vicar, has kindly undertaken the work. Practices will be held in the church on Friday evenings immediately after evening.

Miss Burns of Moose Jaw is visiting Mr. and Mrs. J. McCallan.

Miss Baxter, of Loom Creek, is leaving dressmaking at the Hudson's Bay store.

We were very pleased to announce that Mr. Geo. F. Guernsey, who was on leave a week ago, is able to attend to his business again.

A meeting of the directors of the agricultural society will be held in the Board of Trade rooms on Saturday next at 7:30 o'clock.

J. McCallan went out to the Head on Monday.

The non-sports friends of John Lefebvre, who for some time was on the staff of the Hudson's Bay Co. in Toronto and recently of the Company's store at Winnipeg, will be glad to hear he has been promoted and is now accountant in the Company's store at Nelson, B. C.

We were pleased to hear that all who attended the Farmers' Reception at Indian Head on the 24th thoroughly enjoyed themselves. We much regret were unable to attend.

A re-arrangement of the ranks of the singing club was made on Friday. The competition for the solid silver cup presented by the Hudson's Bay Co. is being held this week. The single competition for the Leclerc Trophy will take place this week. Much enthusiasm is being displayed by the members.

J. A. McDonald has been in the Fife Hills district for over a week. He reports the cattle as doing well.

Rev. F. W. B. Johnston and D. H. McDonald, M. L. A., attended the debate at Balcarres on Thursday.

The former presided and the latter acted as adjudicator. We were pleased to hear that the schoolroom was well filled with an appreciative audience and that a most enjoyable evening was spent by all those who attended.

Those who went out to Springbrook on Friday last to attend the debate were much disappointed to find on their arrival the debate had been postponed till the 2nd Feb., owing to the non-appearance of the leaders of the debate.

The people at the Fort are glad to hear the mill at the Station is now in full operation and are hoping that ere long a mill will be erected here. It is certainly time something was done to ensure the erection of one this summer.

We wish the members of the L. O. L. every success. Had we known the date of organization we would have endeavored to attend.

At a meeting of the Women's Guild of St. John's church held in the vicarage last week, Mrs. F. W. Johnston was elected President and Miss Hall Secretary. In future those anxious to become members of the Guild will send in their names to the president or secretary. This is a step in the right direction and the officers deserve praise for the wisdom they have displayed.

A meeting of the members of Court Ft. Qu'Appelle No. 3302, L. O. F. was held in the Board of Trade rooms on Wednesday, the 31st inst.

Leclerc.

From our own correspondent.

Did you hear anything drop? Chalmers is a goner.

Mr. R. Hargest returned to his home at Poplar Plains on Sunday.

Rev. Father Hucconard was at Indian Head on Friday.

Mr. D. H. McDonald, of Fort Qu'Appelle, passed through Leclerc on Thursday on his way to Balcarres to attend the celebrated debate.

Rev. Father St. Germain returned from Montreal last week.

Mrs. Campbell, ex postmistress, seems to be giving universal satisfaction.

The party organizer lost his deposit.

The many friends of Mr. J. A. McDonald were pleased to welcome him and his bride home to Leclerc on Saturday.

There are more holes in a sleeve than a skinner.

On Friday when Rev. Father Magnan was on his way to make a sick call at Pasqua's Reserve he had the misfortune to meet with what might have proved a very serious accident. His team and sleigh went through the ice at the upper end of the east lake and in rescuing his horses the reverend gentleman ran the evident risk of his life.

We are pleased to see Rev. Father Jacob considerably improved in health.

We are sorry to learn that Mrs. A. McKinnon has not been enjoying the best of health for some days past.

Mr. R. W. Motherwell, Abernethy, was at Leclerc on Saturday.

Whose days are numbered.

The annual meeting of the ratepayers of the Leclerc Public School District was held on Saturday, 27th inst., in the school house, with a fairly large number of ratepayers in attendance. The teacher's statement showed that the school was kept open 116 days during the first term and 92 1/2 days during the second term and that the total number of children that attended during the year was 39. The branches of education taught embraced reading, writing, spelling, arithmetic, composition, grammar, history, geography, literature, natural science, algebra, geometry, botany, agriculture, bookkeeping, etc.

The treasurer's statement showed that the amount of money received from all sources during the year was \$775.52 of which \$375.02 were government grants. The amount of money paid out by the district was \$671.69 leaving a balance on hand of \$103.82. The trustee election resulted in the return of Mr. Charnock. Mr. Chalmers, who essayed to be a candidate for trust, was completely snowed under, receiving no votes at all.

The Life of Moody.

The Pacific Publishing Company, Toronto, have in press a "Life of Moody" and they announce that it will be ready in a few days. The book, which is written in a simple and plain style, and is published in paper and cloth binding, and will contain a full and complete history of the life of the great evangelist. The book is a most valuable one, and is a must for every home. Price, in paper, 25 cents; in cloth, 50 cents. For sale at all bookstores.

ROBERT S. SMITH, Prop., Fort Qu'Appelle, N.W.T.

THE COMMON SENSE WATER CURE

Applied by the use of the LALONDE'S TONIC COMBINATION CUSHION SYRINGE.

Takes away the cause of sickness by washing out the colon or large intestine. The injection is given by sitting on a warm cushion filled with water, the weight of the body forcing the water into the passages. This syringe can be used as a hot water bag. Price, No. 3 \$3.50; No. 4 \$5.00; No. 5 \$6.00. Satisfaction guaranteed or money refunded.

J. LALONDE,

Patented and Manufactured, 955 St. Catherine St., Montreal.

Simple Gerson's, 134 Beville St., writes: "I used and have used the 'Lalonde's Tonic Combination Syringe' and found it to be a most useful instrument and a valuable drug for persons suffering from constipation, dyspepsia, etc. It is the easiest and least expensive of any treatment I have tried and I therefore insist on recommending it to everyone."

"The WHITE MAN'S BURDEN."

What more appropriate name could be applied to that most insidious and universal of diseases Catarrh which effects nine hundred in every thousand of our people.

Dr. Agnew's Catarrhal Powder has proved itself a wonderful power in lifting the burden—a dove of peace in the battle for health.

It makes life worth living—it helps in a hurry and it cures permanently—relief in 10 to 60 minutes.

No-cure cures come and go and hardly a week passes but some new claimant as a cure for catarrh presents itself, only to fail.

In its season, add another disappointment to the long list of disappointments in the line of permanent cures for this most universal and distressing disease.

Dr. Agnew's Catarrhal Powder has been for many years before the public as the safest, most harmless, quickest and most permanent treatment for Catarrh, Hay Fever, Cold in the Head, Sore Throat, Lo-

osen's Catarrhal Deafness, Headache and Toothache. That it has proved its worth thousands of times, east, west, north and south, over the whole continent, is shown by the thousands of unsolicited testimonials that have been received by those who have suffered from Catarrh of the Head in all its forms and for periods of suffering, whether the limit of a few days of Influenza or Cold in the Head to the cure of stubborn and deep-seated Catarrh of the Head and Nose, covering the almost incredible period of fifty years.

Apart from the splendid evidence of the cures effected by Dr. Agnew's Catarrhal Powder, received from people of all ranks and conditions of life, from the laborer in the street to the prince on the throne. The most eminent nose and throat specialists concede it the greatest cure, give it to

daily practice.

Dr. Agnew's Catarrhal Powder goes right to the seat of the trouble. It attacks the disease, removes the cause, cleanses and breaks the pain, quickly and permanently. The treatment is simple, the applications are easily made, perfectly painless, and in ten to thirty minutes after applying, relief follows. It is so wonderfully searching, and yet so soothing, comfort comes like magic.

Mrs. M. Greenwood, of 264 Adelaide Street West, Toronto, writes, in substance: "I was much pleased with Dr. Agnew's Catarrhal Powder and the results obtained from it, that I hardly know how to express myself. For years I was a great sufferer from Catarrh in the Head and Throat. I tried many remedies without getting relief until I began using Dr. Agnew's Catarrhal Powder. A few applications gave me great comfort and relief. I continued using it, and in a very short time the trouble was gone, and I feel as if I had been cured of a long-continued 'Catarrh Disease'."

Dr. Agnew's Cure for the Heart stops palpitation, smothering, shortness of breath, and all the heart's troubles, gives relief in 20 minutes.

In Agnew's Catarrhal Powder, when the skin comes into contact with the skin, the disease is removed and the cure is permanent.

Dr. Agnew's Liver Pills cure liver troubles in 10 to 20 minutes.

For Sale by the Qu'Appelle Drug & Stationery Co.

LOCAL NEWS

"It is difficult to see" is not the way your case should be. L. J. Longpre the barber can make it good.

The Territorial grand Orange lodge will meet in Wolsley on February 22nd and 23rd.

Auction Sale.

Remember the Auction Sale of horses, among them "Morgan Gold Dust," to be held at Johnston & Creamer's stables on Saturday next. Terms, cash.

The newspaper is a law book for the indigent, a sermon for the thoughtless, and a library for the poor. It may stimulate the most indifferent, it may instruct the most profound, but it cannot be published for nothing.

Moosomin Bonspiel.

Moosomin curling club will hold their annual bonspiel this month, commencing on the 27th. Seven rinks will be in readiness. Cheap rates may be had by those intending to take part.

A Close Call.

Master Dan Hilliard has been ailing for several months. Last Saturday night he was laid up with appendicitis and grew rapidly worse until Tuesday, when an operation had to be performed by Drs. Henderson and Cuthbert to save his life. Dan is now progressing favorably.

Home to Rest or Sell.

In Qu'Appelle Station. Apply to J. H. BROWN, P. O. Box 411.

Playing Truant.

The following from the last issue of the Stirling, Ont., News-Argus may be taken as a warning for some Qu'Appelle youths: "A young lad of this village has been persistently playing truant, and not attending school as required, notwithstanding repeated warnings from the truant officer, Mr. J. E. Green. The other day a warrant was issued and he was brought before two magistrates, and was given a three months suspended sentence. This ought to be a warning to others."

Dr. Washington has come west to Toronto on a three weeks' holiday trip but will resume his practice again about March 1st. Watch for later notice.

Grist Will Run.

Mr. Moore has almost completed preparations for running the mill and will be ready for business on Monday next. The whole plant has been rearranged, some of it having been supplanted by more modern machinery, and the rest refitted to run with the least outlay of power. The new planifier will cause an enormous saving in labor and fuel besides giving a much better system of grinding. A large gang of men has been at work for several months getting the mill in shape and anyone familiar with the previous arrangements will scarcely recognize the place under the new conditions. Watch for advertisement next week.

Death of Mrs. Dale.

Mrs. A. M. Dale passed away very suddenly on Saturday morning last at the age of 52 years. The doctor pronounced heart failure as the immediate cause of death. Mrs. Dale had been an invalid for some years. She was a good Christian woman and thought highly of those who knew her. The funeral service was conducted by the Rev. S. W. Thompson, at the house on Monday at 1 o'clock p.m. The procession, which was a large one considering the extremely cold day, left the house about 2:30 for the Qu'Appelle cemetery, where the remains were interred. We tender our sympathy to the bereaved family in their affliction.

Say, you merchant, how often do you put in a good word for your newspaper? Not very often do you? Nor you don't give the editor or anyone unless he pays for it, do you? But you do occasionally get a good word about your business without paying for it, do you? And occasionally you send away for your job work, don't you? And then you sometimes wonder why it is that the printer does not buy more at your store, don't you? And will you not think that the printer is a bank robber, do you? See the paper. Ed.

PERSONALS

J. H. MacCaul took a business trip to Winnipeg on Saturday last. Mrs. Jas. Balfour, of Hill Farm, North of Wolsley, paid a visit to her niece Mrs. Geo. Ambler on Tuesday.

E. W. Warner, of Winnipeg, but at one time station agent here, was visiting in town a few days last week.

Mr. Rory Campbell, of Melita, Man., arrived in town on Friday last to take the position of engineer in the flour mill.

J. S. Macdonald, supt. of government telegraphs, Qu'Appelle, spent Monday and Tuesday in Regina—Leader.

Mr. R. Woodman, lately employed with W. J. Richardson, of this town, contemplates opening a tailor shop at Simulata in the near future. We wish him success.

Vernon W. Barford arrived from Qu'Appelle Station on Monday. Mr. Barford is an accomplished musician and will preside at the organ in the English church here.—Bulletin.

Edgeley Echoes.

(From our own correspondent.)

Two meetings of the Foot Ball Club were held lately in the hall to get in shape some form of entertainment to be given on Friday, Feb. 9th. It was decided to make it a dance.

It is with pleasure that we record the marriage of one of Edgeley's popular young ladies, Miss Jamie Craig, daughter of Mr. Robert Craig, to George Webster, which took place at Indian Head last Wednesday. We understand the wedding was quite private, only a few of the closest friends being in attendance. We all join in wishing the young couple a most blissful life.

It is not often that we hear of bicyclists scorching along during the month of January, especially in the N. W. T., but last Sunday, 21st inst., two of our most enthusiastic sports, a lady and a gentleman, had a neat little spin and say the roads were in good condition and that they enjoyed it immensely.

Be sure to be on hand at the public meeting on Friday, at 2 o'clock, and do your part in the building of the new school house which is badly needed. The matter will be thoroughly discussed before any further steps are taken. Vote for progress and a new and commodious public school building.

Springbrook.

(From our own correspondent.)

A large number from here attended the Philharmonic Concert at Qu'Appelle Station and were highly pleased with the concert.

Mr. L. Robb purchased two teams of horses from Johnston & Creamer.

On Friday evening last the young people of this district and a few of the aristocracy from Wide Awake spent a very pleasant evening at the home of Mr. and Mrs. MacKenzie. Dancing was indulged in till early morning, while a good supply of games drew the attention of those who did not dance.

Skating is now the principal pastime of the young people.

Despite the severe weather which prevailed Friday evening, the literary meeting was well attended. Though the debate had to be postponed on account of two of the speakers being absent, an excellent programme was rendered, and was greatly enhanced by the efficient and redoubtable of our Fort friends. The next meeting will be on Feb. 2nd.

Mrs. Watt and Will Wright, who have been spending a few days in the settlement, returned home last week.

Sheldon's Remarkable Works.

We have received from the Pools Publishing Company, Toronto, a copy of "The Christian's Life in the Spirit," by Charles M. Sheldon, for well-known author of "The Man of the Hour." The book contains over 200 pages, and is a rare treat showing how a Christian can be empowered to accomplish the work of Christ, and to be a true Christian. The book is a rare treat showing how a Christian can be empowered to accomplish the work of Christ, and to be a true Christian. The book is a rare treat showing how a Christian can be empowered to accomplish the work of Christ, and to be a true Christian.

PUBLIC NOTICE.

To the taxpayers of Edgeley P. E. S. D.

No. 2.

A Meeting

Is hereby called by the trustees to consider the raising of a new school house, or the repair of the present building. Also, to be received for the present building, giving three years to pay for the same in equal annual payments with interest at 10 per cent. The meeting will be held at 10 o'clock on Friday, 2nd of February. Plans and specifications to be submitted at the meeting.

Resolved that the taxes collected last year be paid.

J. H. FRASER,

Sec. Treas.

DIED.

Caroline Martin, the dearly beloved wife of Albert A. M. Dale, fell asleep on the 27th of January and was interred in the cemetery at Qu'Appelle Station on the 29th.

Mr. Dale and family beg to tender their heartfelt thanks for all the sympathy and kindness shown them in their great affliction.

The Milwaukee which takes the place of the Montezuma as a transport ship for South Africa, will sail from Halifax on Feb. 15th. Those wishing to send books, magazines, or small parcels to friends going out in the continent or in South Africa may do so by sending them in time to reach Halifax by that date.

Indian Head with not much short of a million bushels of wheat to export, is suffering from potato famine. It is understood that cattle are also getting scarce. Is that progressive farming? Another village not far from Indian Head is reported as anxious for a brewery. It is tired of "swasting money on creameries," so a local correspondent writes in the Vidette.
